

## **NOTICE TO ALBERTA BEACH RESIDENTS**

Please be advised that due to the heavy amount of snowfall this winter, we are strongly suggesting that any residents in low-lying areas of the municipality take flood precautions by:

- ◆ moving significant items to higher points on your property;
- ◆ ensuring your drainage ditch is free & clear of debris;
- ◆ notifying us if you notice your culvert is not allowing the flow of water.

The Alberta Beach Public Works Department will be clearing snow from main drainage areas and will be doing their best to help prevent flooding, however, a lot will depend on how quickly the thaw comes. If there are any questions or further concerns in regards to the above or to notify of a blocked culvert, please do not hesitate to contact the Public Works Department at (780) 924-3322.

Your assistance and cooperation is appreciated.
