

## Alberta Beach

### Shoreline Resource Information

Property owners that have experienced damage due to the recent ice heaves please read the information below. Please be advised any property owners impacted by the shoreline damage are required to have a permit in place prior to repairing any shoreline damages.

If you have any questions on the information below or how to obtain an authority to undertake any work, please call:

Mr. Chris Vierath  
Alberta Environment and Parks  
Office: (780) 778-7108
