

ALBERTA BEACH

GENERAL VILLAGE POLICIES

Policy: G.2.0 CONFINED SPACE ENTRY

Alberta Beach and the Town of Onoway agree to allow their Public Works Departments to assist each other when entering a confined space. This is a shared service between the two departments agreeing to utilize staff, resources and safety equipment at no monetary cost to either Municipality. The two Municipalities would agree to a minimum of 24 hours notice before the work is to be considered, unless it is deemed an emergency. Both Municipalities are responsible for their own worker's compensation insurance and equipment insurance coverage. This policy and agreement has been formed to assist with compliance under Occupational Health and Safety regulations on Confined Space Entry.
